

ADVANCED THEATRE PRACTICE SHOWCASE 2019

N/A: NEW ARTISTS FESTIVAL

N/A: New Artists is a festival celebrating the inaugural works from a selection of devised performance companies. The eight companies featured encapsulate the best of the emerging talent graduating from the **MA/MFA Advanced Theatre Practice**, fusing the interdisciplinary focus of Central's courses with previous trainings on UK and international levels to create their works. **N/A: New Artists** presents a varied lineup, with different performance modes such as multimedia theatre, live art and interactive theatre. Each of the companies brings a distinctly unique flavour to their fields of practice, resulting in a festival of genre-bending experimental theatre.

FRENETIC ENTROPY

DEADLINE

We, as engineers, investigate the realities and lifespans of the things that surround us, in order to explore routes into a lived experience that is removed from our standardised human lives. This, in turn, will glean insight into perspectives of our world that are different from the prescribed societal norms.
